Credit Hours _____

Student's Name _____

College address _____ Phone _____

Email Address _____ Student # _____

Faculty member sponsoring project _____

Directions: This form provides a contract for the student regarding what is expected. The project summary defines the topic and content, and the project outcomes defines the nature of the final product on which the grade will be based (e.g., paper of a certain length). The student should complete the form with their faculty sponsor. Once completed, go to Course Search & Registration and register for PSY 496. You will need to Ask for an Exception. Once the Psychology Department receives your request, they will register you for the course.
